ONEPASS™

YOUR TICKET TO LIMITLESS ENTERTAINMENT

OnePass searches gather every episode of a series available anywhere and adds them all right to your My Shows list. Watch a series from the beginning to end, or start on any episode or season you want. To create a OnePass search, find a show you want to watch, then choose Create a OnePass.

MY SHOWS

FIND. WATCH. REPEAT.

All of your recordings and streaming videos appear in the My Shows list. To get to the My Shows list from any menu screen or from Live TV, just press the TiVo® button twice. The My Shows list includes categories that make it easy to find what you want to watch fast. Want to see all the kids' shows you've recorded? Select **Kids**. For parental controls settings, press the TiVo® button on your remote, select **Settings & Messages > Parental Controls**.

MAY WE MAKE A SUGGESTION?

TiVo® is the only entertainment experience that understands what you like because only a DVR with the TiVo® experience keeps track of your programming likes and dislikes and makes suggestions accordingly through the Discovery Bar and TiVo Suggestions®.

TIVO SUGGESTIONS®

You can rate any show - whether it's live, recorded, or listed in the program guide - by pressing the THUMBS UP 👍 or THUMBS DOWN 👎 button on your remote. You can give a show up to three Thumbs Up (great!) or three Thumbs Down (terrible!). TiVo Suggestions® uses these ratings to create a list of shows you might like. The more shows you rate over time, the better TiVo Suggestions® will get at finding interesting shows for you.

THE DISCOVERY BAR

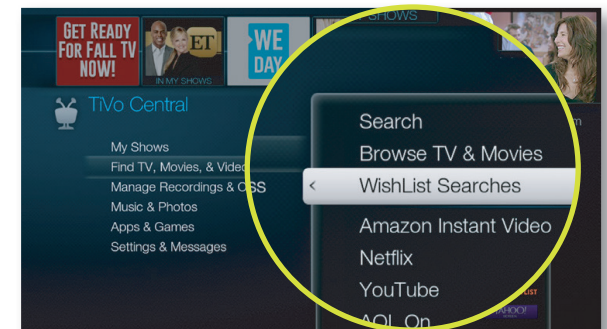

The Discovery Bar appears at the top of most TiVo® screens. What you'll see in the Discovery Bar depends on you! Often, the Discovery Bar displays ideas for shows you might like based on what shows you record and mark as your Favorites. The Discovery Bar also displays lots of other great viewing options: popular shows or sports events that are playing on live TV, items from your My Shows list, TiVo Suggestions® and more! You can customize what appears in the Discovery Bar by going to **Settings & Messages > Displays > Customize Discovery Bar**.

WISHLIST® SEARCHES

TIVO IS ALL ABOUT PLEASANT DISCOVERIES.

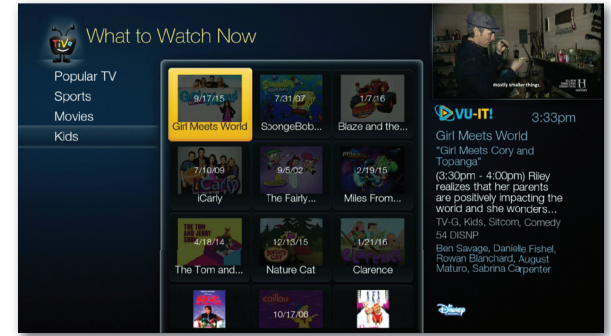

Finding the things you love is a snap with a WishList search. Have a subject, title, actor, or director you're curious about? Just set up a WishList search and your TiVo® box will search all your programming 24/7/365 and record it for you. To set up a WishList search, press the TiVo® button on your remote, select **Find TV, Movies, and Videos > WishList Search**.

WHAT TO WATCH NOW

SO MANY CHANNELS, SO LITTLE TIME!

What to Watch Now on TiVo® immediately presents you with the programming you most enjoy without surfing channels or browsing a guide. It will help you sort through your viewing options by showing you what's available right now in an easy-to-use format. Choose from popular TV shows currently airing on live TV, to live sports, to movies, to TiVo Suggestions®, and more! To access What To Watch Now, press the TiVo® Button on your remote control and choose **What to Watch Now**.

QUICKMODE™

IT'S NOT FAST-FORWARD, IT'S QUICKMODE

QuickMode lets you watch a show 30% faster, while also letting you hear what everyone is saying! No chipmunks allowed. QuickMode is available while you're watching a recorded show, or if you're "behind" live TV (for instance, if you have rewind a show that's airing live). With QuickMode, you get the speed of fast-forward, without missing any of the details. Just press **PLAY** to bring up the status bar, then **SELECT** to start QuickMode. Press **PLAY** and **SELECT** again to watch at normal speed.

HIT RECORD AND NEVER MISS A SHOW

SEEK AND YOU SHALL FIND!

Only the TiVo® experience offers fully integrated search. No other device instantly scans across all TV programming to find exactly what you want. It's like an entertainment search engine presenting you with a list of great options, so there's almost nothing you can't start watching in seconds. Search by show title, episode title, show description, or person name (actor, director, etc.). The TiVo® service searches upcoming TV shows and movies instantly.
